CAMP POLICIES AND TERMS

CHARACTER:

Camp personnel are expected to be of high moral character and have a positive influence on the campers. Boys and girls of camp age are so impressionable that they readily acquire the habits of those whom they admire. There is no place on the staff for a counselor with questionable character, who allows language that is profane or vulgar, who exhibits any inappropriate touching of campers, or whose habits do not reflect clean living.

PERSONAL APPEARANCE:

Dress is extremely informal; however, a neat and modest appearance is an asset and is expected.

USE OF TOBACCO:

The use of tobacco in any form is a harmful and needless habit. Smoking or other use of tobacco must never be done in the presence of campers or inside of any buildings except where designated.

DRINKING AND DRUGS:

Staff members cannot perform their duties while under the influence of alcohol or drugs. A user of alcohol or drugs may jeopardize the life and the safety of the campers and fellow members of the staff. No members of the staff may, at any time, be under the influence of or drink alcoholic beverages on camp property or trips. Drunkenness is unacceptable whether on duty or off. Illegal drugs are not permitted. You represent camp in all situations.

ADMINISTERING PUNISHMENT:

Our staff must have the ability to remedy any problem with a camper through counseling rather than snap punishment. At no time may a staff member strike or administer any punishment that may injure or frighten the camper.

I have read the camp policies outlined above and I agree to abide by them if selected as a staff member. I also understand that my not conforming to these policies may result in my immediate dismissal.
